EXPERIENCE

Junior Laravel Developer

Azotos Software Technologies

May 2025 – Present

BSNL BHARATNET PHASE III

- Developed and maintained a robust web application and admin panel using Laravel 12, Livewire, and RESTful APIs.
- Implemented scalable backend architectures with optimized Eloquent ORM queries, advanced data-processing pipelines, and efficient mobile-to-Laravel data synchronization.
- Integrated GIS/Map modules for real-time network visualization and built dynamic Livewire components to enhance UI responsiveness and overall system performance.

SCHOOL JOB PORTAL APPLICATION

- Worked on developing the complete recruitment workflow for schools, including job posting, application processing, and applicant tracking using Laravel and MySQL.
- Built RESTful APIs for applicants and job listings, and optimized queries, validations, and pagination for faster performance and accurate data handling.

PROJECTS

Inventory Management System

Laravel, PHP, HTML, CSS, Tailwind, PostgreSQL

May 2025 – Jul 2025

- Developed a web application with secure user authentication, RBAC, and well-structured database relationships, along with admin features to efficiently manage products, categories, users, vendors, and inventory logs.

EV Charging Station Finder and Booking Application (Academic Project)

Python, HTML, CSS, JavaScript, MySQL

Jan 2024 – May 2024

- Built an application to help users locate nearby EV charging stations and view real-time availability.
- Integrated a booking system allowing users to reserve charging slots in advance, reducing wait times.

Intelligent Bus Ticketing and Reservation System (Academic Project)

Java, HTML, CSS, JDBC, MySQL

Jan 2024 – May 2024

- Designed a ticketing system that enabled users to search, reserve, and manage bus tickets through a secure platform.
- Implemented database connectivity with JDBC and MySQL for reliable transaction management.

EDUCATION

B.E. Computer Science and Engineering

E.G.S. Pillay Engineering College

Apr 2020 – May 2024

CGPA: 7.5/10

Class XII (HSC)

N.K.M. Higher Secondary School

Jun 2017 – May 2019

Percentage: 60%

Class X (SSC)

S.R.V.M. Matriculation Higher Secondary School

May 2017

Percentage: 82%

TECHNICAL SKILLS

Java PHP Laravel HTML CSS
JavaScript SQL React Hibernate
Tailwind CSS Alpine.js REST API
AJAX Livewire Git
Database Design Documentation

PROFESSIONAL SKILLS

Effective Communication Teamwork
Collaboration Creative Thinking
Negotiation

TOOLS PROFICIENCY

Eclipse VS Code Postman
Android Studio PostgreSQL
IntelliJ IDEA MySQL

CERTIFICATIONS

- Problem Solving (Basic Java) – HackerRank
- MERN Stack for Real-World Applications – GUVI (HCL)
- Java Full Stack Development – Besant Technologies, Chennai
- Web Development Internship – CodeBind Technologies, Chennai
- Presentation Skills – TCS iON
